

**Job Title:** Production Assembler

**Job Type:** Full-time

**Salary:** \$28,000.00 to \$32,000.00 /year (\$14.00 to \$16.00 /hour), based on qualifications and experience.

**Job Description**

We are looking for people that have a good work ethic and a friendly outgoing attitude. Applicants should have industrial experience in manual assembly using their hands (no tools). The ideal candidates will have good hand dexterity, have attention to detail and be able to work in a cell environment at a steady pace.

**Work Environment**

- We have long-term work available on day shift.
- We offer a consistent work schedule and competitive compensation with benefits and profit sharing (after probation period)
- Work in a bright, quiet and clean environment in a new building
- Work for a growing Canadian company making quality products

**Duties to include but not limited to:**

- Repetitive hand, wrist and arm movement while assembling components
- Understand and follow Safety Protocols
- Comply to daily clean up, Housekeeping and implementation of 5S
- Assembly of fragile materials such as filter paper
- Saw cutting of aluminium extrusion on mitre saw
- Maintain Quality control and conduct in-process inspections
- Work with chemical adhesives such as Hot melt glues and Poly Urethane
- Operate small light equipment (spot welders / small rollers)
- Material handling and Packaging
- Industrial Sewing (sewing position only)

Candidates that meet the above qualifications should submit your resume to apply [hr@apcfilters.com](mailto:hr@apcfilters.com)
